II. Change of course/college and fees

> When you pay fees for a packaged English language and Higher Education and/or vocational course with TAFE NSW, the fees for the English language fee are charged at the packaged (discounted) fee rate per week. If you withdraw from the TAFE course, then the undiscounted English language fee applies. Tuition fees for Higher Education course and packaged programs are packaged within 4 weeks of receipt of an offer to study at a TAFE NSW institute. If you apply within 4 weeks of the course commencement date, the fees are payable within 7 days of receipt of the offer letter.

> Continuing English language students (with offers of more than 24 weeks) must pay the balance of their tuition fee for their English language course of study by the due date on their additional fee statement (2 weeks before the commencement of the next study period) of a late payment fee of $200 will apply. Failure to pay the fees may lead to cancellation of enrolment. Academic results will be withheld when fees are outstanding.

> Continuing Higher Education and/or vocational course students must pay the tuition fee for their next study period by the due date on their fee statement (2 weeks before the commencement of the next study period) or a late payment fee of $200 will apply. Failure to pay the fees may lead to cancellation of enrolment. Academic results will be withheld when fees are outstanding.

II. Change of course/college and fees

> Once an electronic Confirmation of Enrolment (eCoE) has been issued to you and you wish to change your course or college before or during the course period, an application to change course/college must be lodged with TAFE NSW. Approval of the application is not guaranteed. Different tuition fees may apply for the same/different course at same/different colleges. Where a change of course/college is approved, either within a TAFE NSW Institute or at another TAFE NSW Institute, and a higher tuition fee applies for the same/different course at the same/second campus, you must pay any difference in the fees applicable before you can enrol in the same/second course/campus.

> If a lower fee applies for the same/different campus/course at the same/second campus, you can either apply for a refund of the excess fee or the excess will be carried forward as a credit to next semester fee.

Tuition fees paid are not refundable if:

> A student fails to comply with the conditions of enrolment at TAFE NSW Institute.

> A student breaches any of the visa requirements of his or her visa as imposed by the Australian Government.

> A student requests a transfer to another provider prior to the completion of 6 months of their principal course in TAFE NSW and this request is not approved.

> A student/parent provides false or misleading information.

Part or whole of the tuition fees paid are refundable under the following circumstances:

> If your application for a visa to study in TAFE NSW is refused before commencing a course, then a deduction of $300 or 5 percent of the tuition fees paid, whichever is the lesser, will apply.

> If you commence a TAFE NSW course before your student visa application has been processed and it is subsequently rejected, a pro-rata refund of tuition fees paid will be made.

> TAFE NSW will refund 90 percent of the tuition fees paid if you withdraw from your Higher Education and/or vocational course 4 weeks (28 days) or more before course semester commencement, except where you have applied for a packaged English language and/or Higher Education or vocational course, where the English language fees have been charged at the packaged (discounted) fee rate per week. Withdrawal from the Higher Education and/or vocational course will incur the charge for the relevant English language fee calculated by reference to the undiscounted weekly rate or the applicable rate for the stand alone English course. The difference between the relevant fee and the lower packaged fee for English will be deducted from the refundable Higher Education and/or vocational course tuition fees.

> TAFE NSW will refund pro-rata tuition of the Higher Education program if you withdraw from your Higher Education and/or vocational course within the final 4 weeks (28 days) before the course semester commencement, except where you have applied for a packaged English language and Higher Education or vocational course, where the English language fees have been charged at the packaged (discounted) fee rate per week. Withdrawal from the Higher Education and/or vocational course will incur the charge for the relevant English language fee calculated by reference to the undiscounted weekly rate or the applicable rate for the stand alone English course. The difference between the relevant fee and the lower packaged fee for English will be deducted from the refundable Higher Education and/or vocational course tuition fees.

> TAFE NSW will refund 75 percent of the tuition fees paid for a vocational course where you:

(a) Receive an offer for an undergraduate course which is not offered by TAFE NSW Higher Education in an Australian university immediately following the completion of the NSW Higher School Certificate; and

(b) Withdraw from the course no later than 14 days after the start date to take up your place in the higher education degree course.

TAFE NSW will refund pro-rata tuition of the vocational course fee paid from the date of becoming a temporary resident, minus a $300 processing fee and minus any temporary resident tuition fees if you have been granted temporary residency after your application and before or during a TAFE NSW course.

TAFE NSW will refund pro-rata tuition fees of the Higher Education course from the date of becoming a temporary resident, minus a $300 processing fee, if you have been granted temporary residency after your application and before or during a TAFE NSW course on or before the relevant census date. TAFE NSW will not refund any tuition fees paid of the Higher Education course if you become a permanent resident after the relevant census date.

7 INFORMATION REGARDING A DISABILITY (SECTION 10 OF THE APPLICATION)
> If you have a disability, relevant information is requested to establish whether you require the provision of additional services or facilities not required by students who do not have a disability.

> After consideration of your requirements, if the provision of these services or facilities would impose “unjustifiable hardship”, for example, a very high cost on TAFE NSW, your enrolment may be refused or additional fees may apply. You will be advised in writing of our decision.

> The provision of additional services or facilities should not be seen as a guarantee of successful completion of a course. TAFE NSW reserves the right to terminate a student’s enrolment if the provision of reasonable adjustment is unsuccessful and further provision of services or facilities is determined as unjustifiable hardship.

8 PROVIDER DEFAULT
> If TAFE NSW is unable to deliver the accepted course at the agreed location, you will be offered a refund of the unused portion of the pre-paid fees. The refund will be paid to you within 2 weeks from the day you are advised of the course cancellation. Alternatively, you may be offered enrolment in another course/location by TAFE NSW.
